RE: Physician's and Surgeon's Certificate No. A 75303
Case No. 800-2016-023087

Public Letter of Reprimand

An investigation by the Medical Board of California revealed you failed to document the physical examination and medical decision making in the care and treatment of a patient; and during a phone encounter two days later, you failed to reconcile the patient's complaints from the prior visit and failed to recognize the need for a face-to-face evaluation.

These actions constitute a violation of 2234(c) - repeated negligent acts and 2266 - failure to maintain adequate and accurate records.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
